Banking Company, has filed suit against Lester L. Norton and others, on two notes aggregating \$600. Joshua T. Roseberry was called up in Judge Norton's Court Saturday and sentenced to the

State Prison for five years and fined \$10. He took his sentence very quietly. Morris P. Wright and William Bellis have returned their appraisement of the assets of the firm of Oscood & Heywood, which aggregate

\$2,547.81, with \$227.45 liabilities. The firm operated here and in the Judian Territory. Judge Rand, as receiver of the Indiana Banking Company, has filed suit against Benjamin C. Shaw and a large number of other defendants, to foreclose a mortgage given to secure \$20,000, evidenced by two notes given in May, 1879. Demand is made

John Harmon, colored, was tried by Judge Norton Saturday for the theft of two dresses from some woman, and at the conclusion of his trial he withdrew his plea of not guilty and entered a plea of guilty. Judge Norton then gave him two years North. Harmon was very much elated, and on his way back to jail said he expected to go North for at lesst four years. It was afterward learned that he had been over the road before.

THE RAILROADS.

It is said that grain rates to seaboard points are East-bound pool lines are dissatisfied with their per cents, and the C., H. and D. folks especially

The L. B. and W. and Big Four traffic agreement will go into effect May 10, when a change of time will be made. The ticket officer of the C., H. and D. and Air

Line will be consolidated on May 1, and the tickers of the two lines will be placed in charge of Major Emmett, while the freight business will be given over to Local Freight Agent Stiles, of the

It is believed that several other changes besides those mentioned in Saturday's paper will be made in the Bee Line, and there are many persons who stoutly maintain that General Manager E. B. Thomas will soon resign. It is the purpose of the Bee Line people to concentrate all traffic affairs in the hands of O. B. Skinner, General Traffic Manager. A circular announcing the changes and transfers has been issued by Mr.

One of the most important provisions of the agreement recently adopted by the Central Committee is that which provides that no commission or compensation may be paid to any other but a regularly appointed agent. This will cut the scalpers out of many a dollar and will nave a tendency to keep rates up. The policy of paying scalpers always was wrong, and is one of the main causes of rate cutting. It is to be hoped that General Passenger Agents will pay the strictest attention to this provision.

The outlook of the railroad business is much brighter than it was two months ago, and there is a wonderful increase in business on nearly all indianapolis reads. Many of the Indianapolis lines are increasing their working forces in all departments, giving employment to men whom they laid off curing the winter months, owing to duil times. A prominent railroad man said yesterday that the railroads were entering upon a season of prosperity, and if rates could be strictly maintained, earnings for the summer of 1885 would show a tremendons increase over those for the same period last

THE NEW HOSPITALS.

The Board Considering a Claim for Extra Work-Are the Richmond Plane Defective?

The Board of Commissioners for the new Insane Hospitals were in session again Saturday, and adjourned at 2 o'clock to meet on Thursday next. Routine business was transacted, but the major part of Saturday's session was consumed in discussing a claim for extra work on the Richmond building, made in behalf of a sub-contractor and presented to the board by Mr. Campfield, the contractor of the building. It appears that in placing the foundation of a part of the building it was necessary to make the excavation about twelve inches deeper than provided for the specifications, and the Superintendent of Construction, Mr. Kaufman, and the architect, Mr. Ketcham, ordered the work to be done. The board spent several bours in considering the matter, and finally adjourned without coming to any conclusion, the question being to arrive at the exact amount of extra work performed and the measure of compensation due therefor.

There was a rumor yesterday, after the board had adjourned, to the effect that some defect had been discovered in the plans of the Richmond building, and that the contractor had said that the work could not proceed under the present plans without eventually being changed, and that it would be better and less expensive to make the change now than to wait till the work had progressed further. A Sentinel reporter tried to find Mr. Campfield before he left the city, but in this he failed, and the rumor could not be confirmed. The attention of three commissioners was called to it, however, and they declared that nothing of the kind had been mentioned to them. Colonel Gray, of Noblesville, said that the board had or-dered a change in one of the cottages at Richmond during its visit to that place on Thursday, but it was not done on account of any imperfection in the plans or in the work, and the change would not cost more than \$50. Speaking further, the Colonel said that "the plans and specifications are perfect, and a strict adherence to them will give the State the best public buildings it ever had." He declared that the board had the most perfect confidence in the architect and that, so far as they know, no fault whatever had been found with his work. The other two members of the board who were present indorsed the Colonel's statement.

The reporter called their attention to the fact that Mr. Campfield's attorney, Hon. Frank Mat-tler, had visited the Richmond building in company with the board, and asked for what purpose or in what espacity he went. They replied that they did not know, but they believed ne was the attorney for the sub-contractor who performed the extra work in excavating for the foundation, and they supposed he might have gone for the purpose of guarding his interest. It was learned from a reliable source, however, that Mattler claims a defect in the plans, and has been em-ployed by Contractor Campfield, with the understanding that questions of importance will arise in carrying them out.

The Elkhart Lighting and Power Company filed articles of association with the Secretary of State Saturday. The capital stock is \$20,000, and the company is organized for the purpose of manufacturing and selling electric light, electric motive power, and also the manufacture and sale of coal gas for purposes of light and fuel. The Directors are B. M. Johnson, H. C. Lodge, E. P. Willard, S. W. Steward and I. C. Williams.

THE Era (London) tells that at a garden party given by the Governor of New Zealand in Christ Church, Miss Genevieve Ward was among the guests, and the wife of an Archdeacon, noted for her dislike to the theatrical profession, was also present. The latter dame was not acquainted with Lady Jervois, the Governor's wife, but, at the conclusion that she saw her hostess in the striking-looking lady who bore herself so regally. Without waiting for a introduction she hastened to present herself, and a brief conversation ensued; and the Archdeaconess, turning to a friend who had watched the interview in surprise, exclaimed: "What a charming woman Lady Jervois is!" "What!" said her friend, "Why, that's Miss Genevieve Ward, the actress!" Paralyzed with horror, Mrs. Archdeacon gasped, staggered, and fled, and the incident will be a popular story in Christ Church for many a day.

Thousands Hastened to Their Graves By relying on testimonials written in vivid glowing language of some miraculous cures made by some largely puffed up doctor or patent medicine has hastened thousands to their graves, the readers having almost insane faith that the same miracle will be performed on them that these testimonials mention, while the so-called medicine is all the time hastening them to their grayes. Although we have

Thousands Upon Thousands!!! of testimonials of the most wonderful cures voluntarily sent us, we do not publish them, as they do not make the cures. It is our medicine, Hop Bitters, that makes the cures. It has never failed and never can. We will give reference to any one for any disease similar to their own if desired, or will refer to any neighbor, as there is not a neighborhood in the known world but can show its cures by Hop Bitters.

A Losing Joke. A prominent physician of Pittsburg said to a lady patient who was complaining of her continued ill health, and of his inability to cure ner, jokingly said: "Try Hop Bitters!" The lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughed at the Doctor for his loke, but he is not so pleased

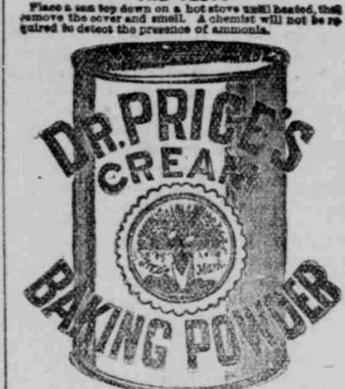

with it, as it cost him a good patient. Fees of Doctors. The fee of doctors at \$3 a visit would tax a man for a year, and in need of a daily visit, over \$1,000 a year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.

Given Up by the Doctors. "Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?" "I assure you it is true that he is entirely cured, and with nothing but Hop Bitters, and only ten days ago his doctors gave him up and said he must die from Kidney and

Liver trouble!" None genuine without a bunch of green hope on the white label. Shun all the great blood purifier, Sold by all druggists, I in their name.
